Simply dock your iPad

Elegant perfectionist

Eve Plus is an elegant docking station for iPad. It lets you easily mount your iPad on a wall or table, in any orientation, while keeping it permanently charged. Thanks to its minimalist design, Eve Plus only adds the bare minimum to the iPad's iconic design, **making it the slimmest mount worldwide.**

Eve Plus is precision engineered from high-quality metals in the same finishes as the Basalte luxury keypads, thermostats and sockets. Altogether, Eve Plus subtly blends in with the most stunning home, hotel and office interiors worldwide.

Sleeve

- lightweight design
- soft touch pads on back for comfort
- integrated magnets to dock iPad on wall or table
- integrated connector to charge iPad
- all key iPad functions and sensors remain available

Wall base

- integrated magnets to dock sleeve
- automatically charges iPad
- gold plated charger contacts with child safety protection
- install on standard European wall box (60 mm screw distance)
- power with 24V DC, PoE or through the Gigabit POE adapter

Table base

- integrated magnets to dock sleeve
- automatically charges iPad
- adjustable viewing angle
- requires external USB power supply
- cable route integrated in bottom
- possibility to fix on horizontal surface

EASY AS THAT

Eve Plus docks are designed to install in a matter of minutes, without the need for big holes in walls or tables.

AT YOUR SERVICE

Eve Plus makes your iPad accessible wherever you need it, both in residential and commercial projects.

The elegant iPad mount

Simple in design

Eve is the ultimate iPad frame. It turns the iPad into an elegant on-wall or table touch screen, while fully enhancing its design. The Eve frame is precision machined out of a single piece of aluminium and is available in various high-quality finishes.

brushed aluminium finish

magnets holding the iPad

security cover in satin white finish

brushed black finish

openings for the microphone and speakers

precision machined from solid aluminium

Puck

Gigabit PoE adapter

installation of frame using 2 screws

compatible with Lightning connector

Simple in installation

The Eve frame easily mounts on the wall using only 2 screws. It can be positioned in portrait or landscape orientation. The Eve cover then magnetically snaps on to hide the Lightning cable.

The iPad is permanently charged using an iPad charger or the optional Puck. This small device can easily be hidden in a wall box behind the Eve mount.

Alternatively, the Gigabit PoE adapter can be used to provide power as well as a fixed internet connection.

Simple in use

As smart home systems today are more and more controlled with iPad, **Eve is the perfect solution to mount your iPad in style on the wall.**

For commercial applications like retail and hospitality, Eve is available with a security cover version. By means of a small tool, the Eve cover can easily be unlocked to then remove the iPad.

Impressive but subtle

Details matter, it's worth waiting to get it right

Steve Jobs

Easy on the eye

Eve Pro is our most refined iPad mount. Its aesthetic power lies in the discreteness of the form, embracing the iPad Pro naturally and respectfully. It's the most elegant solution to secure your iPad on the wall.

Eve Pro is made of high-grade aluminium and keeps your iPad Pro continuously charged.

Eve Curve for Eve Air 4 & Eve Pro 11"

Eve Curve is the most sophisticated way to keep your iPad securely mounted yet permanently charged on any horizontal surface. Designed to fit various applications, it can be used as a freestanding support or can be fixed on its rotation system. This way you can easily turn the iPad towards any direction you like.

The perfect iPad table mount for luxury homes, offices, hotels, restaurants and retail stores worldwide!

Eve touch for iPod touch

For smaller spaces, the iPod touch is a handy replacement for the larger iPad. Think dressing rooms, gyms or the wellness area.

Eve touch securely mounts the iPod touch on the wall using only 2 screws. It is available in the same finishes as the other Eve frames.

Eve touch can optionally be equipped with a Puck or Gigabit PoE adapter to keep the iPod charged and ready for use. No unsightly cables or connections are visible.
